

Sunday Funnies

LECTIONARY 15

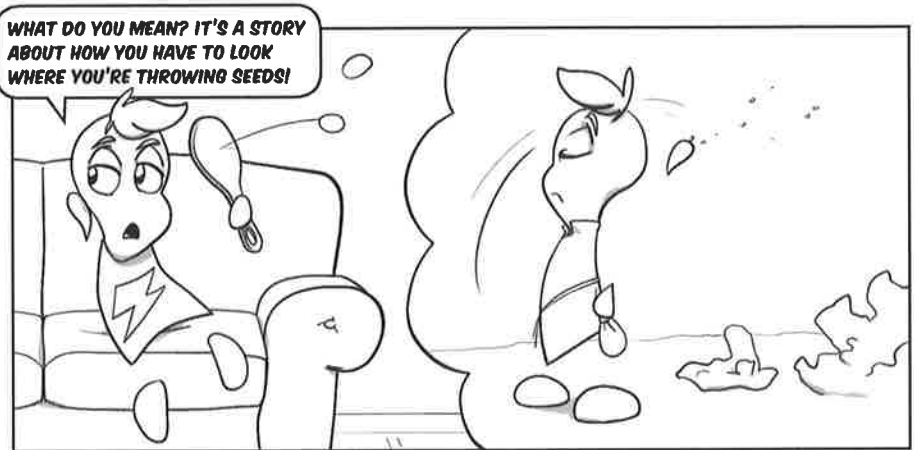

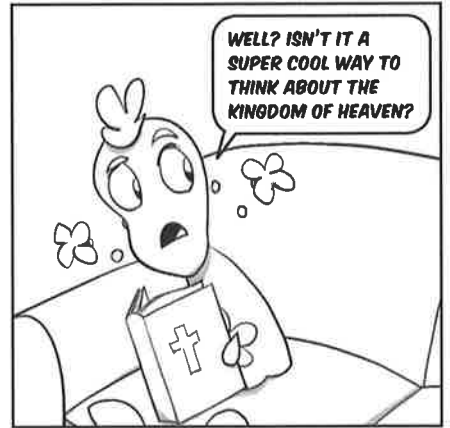

Matthew 13:1-9, 18-23

About This Week's Story

Planting seeds in fertile soil is the key element for growing thriving plants. Likewise, the word of God will take root in hearts that are fertile and ready to receive this good news. This week, plant some seeds in a small pot as a reminder of this parable.

Family Prayer

Dear God, like a gardener tends to the soil in her garden, we ask that you prepare our hearts to receive your word, so that it grows within us and produces good fruit in our words and actions. Amen.
